2023 was a year of growth for us. We welcomed a new Executive Director, brought on our 2022-2023 AmeriCorps Service Member as our Administrative Assistant, and welcomed a new Crime Victim Advocate to our team. We are looking forward to all that 2024 will bring not just to our organization, but our community as we continue to serve our local youth. Thank you to all who have supported us. We couldn't do it without you!

Violence Prevention Program

TOGETHER! For Youth
VIOLENCE PREVENTION

Together! for Youth is excited to announce that we are getting ready to launch our NEW Violence Prevention Program! The program will give us an opportunity to bring our local youth together and create positive experiences in frequently used public spaces for teens, by teens. Be watching for more details on our Facebook page and website.

Website Updates

A huge shoutout to our Administrative Assistant for all her hard work on getting our website up to date. It is still a work in progress but, but so far all the program photos have been updated, staff bios with photos added, and board members updated. Feel free to check it out and watch for more great updates to come!

Teen Spring Break Camp in Malaga, WA

Join us this Spring for our first every Spring Break Camp, supported by our Violence Prevention Program! April 3, 2024 thru April 7, 2024, we will have a wide range of activities, great food and a fantastic staff, creating a fun and positive experience for your teens.

Space is limited with room for 20 girls and 20 boys. The best part? ALL fees for camp are covered by scholarship! Scan the QR Codes below for the parent and registration forms.

Spring Break Camp Registration

Spring Break Camp Parent Form

Guest speakers and activities are still being planned, so stayed tuned for more details. If you have any questions, please reach out via phone at 509-662-7201 or email at info@togethercd.org

Mental Wellness Month

As we come out of the hustle and bustle of the holiday season, it is important to remember that for many Americans, mental health is still an issue. According to a 2023 survey by Next Step Solutions, 21% of adults report having at least one mental illness. 58% of those illnesses have not been treated. 5.44% of adults report severe mental illness and over 12.1 million (4.8%) adults report serious thoughts of suicide. https://www.nssbehavioralhealth.com/nss-blog-the-state-of-mental-health-in-america-2023-adult-prevalence-and-access-to-care/

To promote Mental Wellness, the National Institute of Health offers a Mental Wellness Toolkit. Some of the ways to promote Mental Wellness include building resilience, strengthening your social connections, and coping with loss. For more information on this toolkit, and links to other Mental Wellness tips, please visit their website: https://www.nih.gov/health-information/emotional-wellness-toolkit

If you or someone you know needs help, please reach out to the Suicide & Crisis Line at 988.

"THERE ARE FAR BETTER THINGS AHEAD THAN ANY WE LEAVE BEHIND." ~ C.S. LEWIS
